About Us

5DFullDisclosure is a multi-dimensional Light Center! We are an organization dedicated to the service of Humanity & have created a multi-dimensional platform to serve all of the needs for those awakening!

Our Visión

Our vision is for all of Humanity to wake up to truth & to embody their higher selves, become God with God, & to build the New Earth Paradigm

Our Misión

Our mission is to bring awareness and guidance to the collective on how to move through the ascension process & how to anchor in 5D.

ASCENSION

Requirements

AWAKENING

In order to awaken, one must first become aware of the darkness. Awareness transforms the lower into higher. We call this phase, disclosure.

PARTICIPATION

Participation is a key aspect of the ascension. Every being is responsible for their own awakening & to be in service to Humanity.

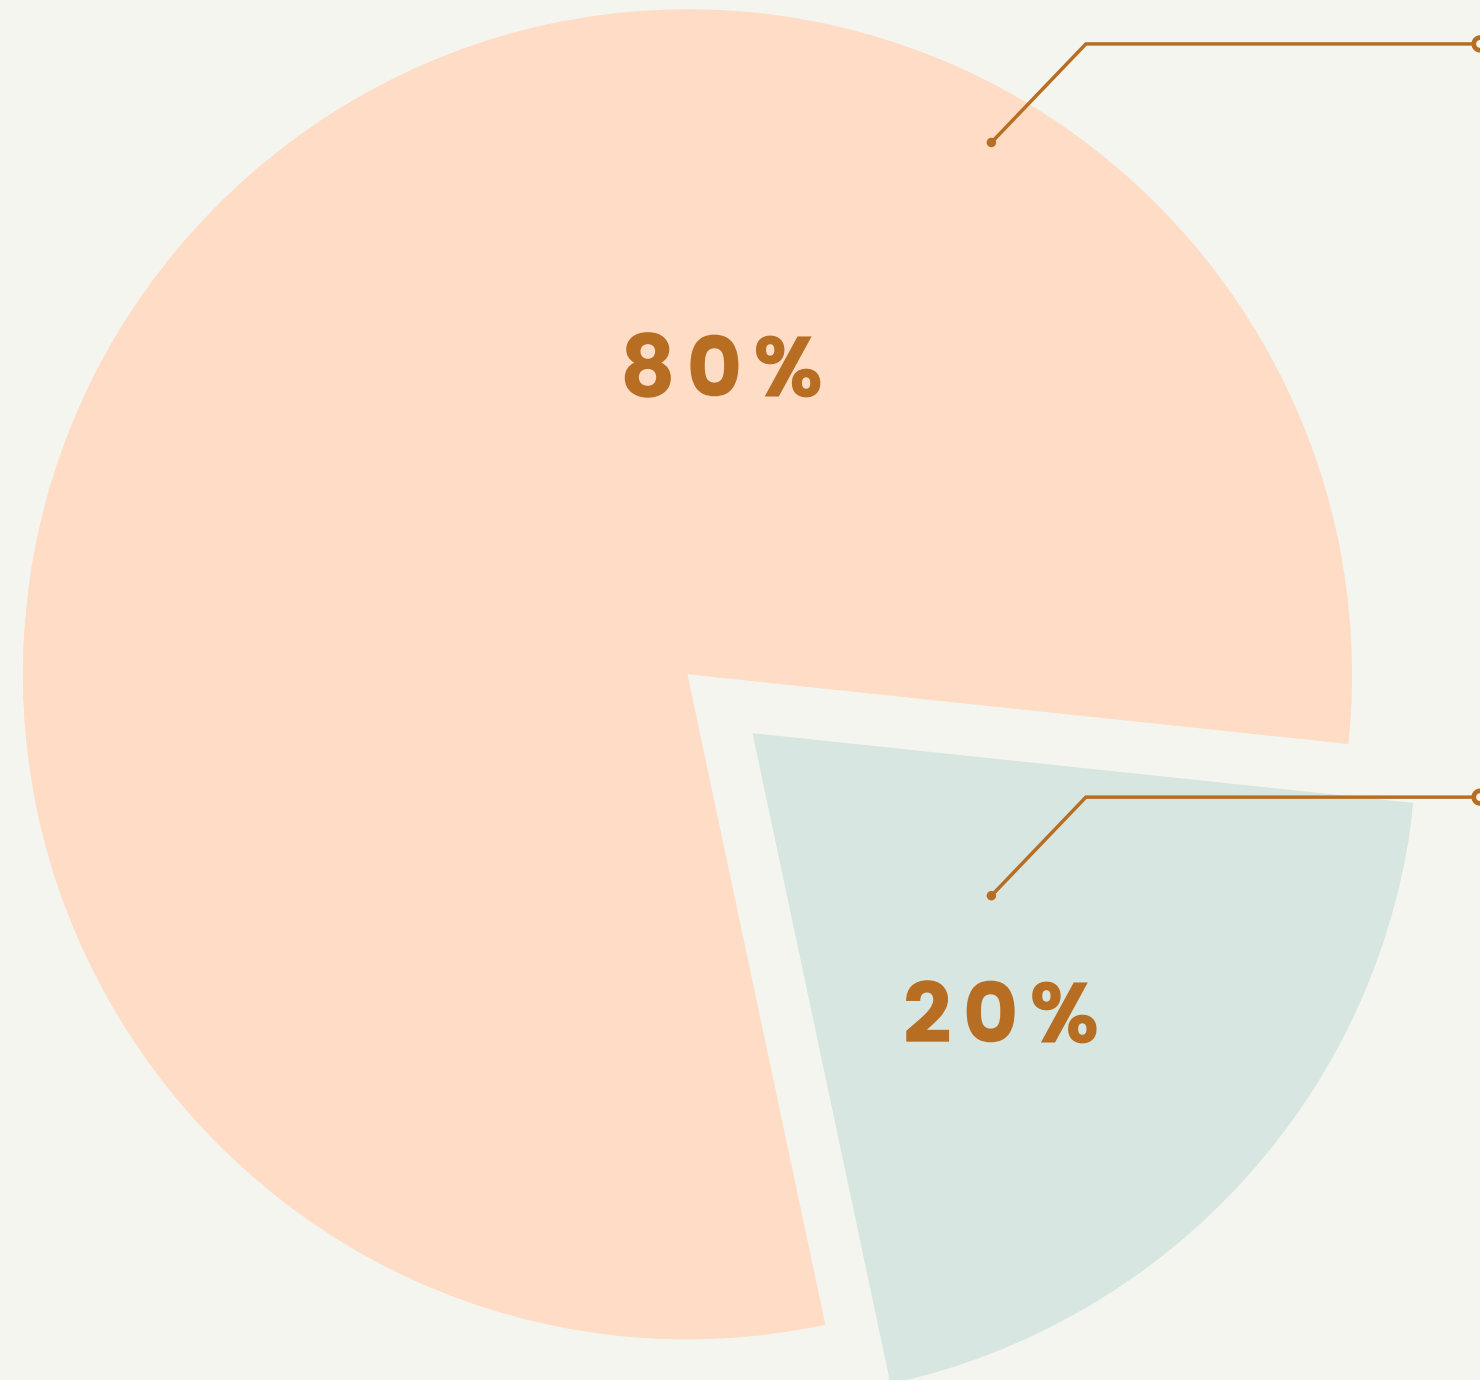

EMBODIMENT

Embodiment is the process of transformation, dissolving the EGO, & anchoring in the Higher Self. This is a physical, emotional, mental & spiritual process.

CREATION

The New Earth will not create itself, but we as co-creators with Source, must build the new paradigm by following our passions & using our divine gifts.

Collective Consciousness

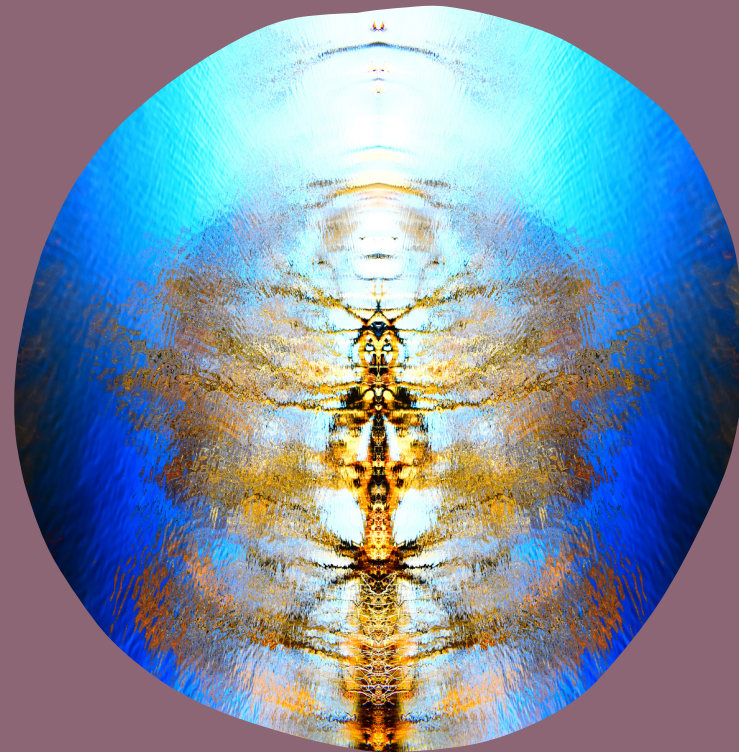

1. THE DEEP SLEEPERS

The Deep Sleepers, or the unconscious collective, make up more than 80% of the population and are currently existing in the 3D realm.

2. 1ST & 2ND WAVERS

The first & second wavers, or those who have awakened ahead of the collective, make up about 20% of the population and currently exist in the 4D realm. Once a certain number of wavers anchor in 5D, we reach the tipping point of evolution.
