All atoms are to return home immediately into the light as called forth by the re~union and re~establishment of the true balanced Harmonics Energies of Mother and Father of Creation, with love from our original separation. He, Father of Creation was to go into the darkest of dark along with Father of the Multiverse, While I, Mother of All Creation would go to the Lightest of light working our way up and down the consciousness spectrum, meeting in the middle, on Earth, to eradicate all the darkness collected by Father. I came to Earth to bring the Fathers home, along with ALL OF HUMANITY, from the darkness. We connected again after 19 billion years, for a new story for Humanity, WHERE LOVE IS EVERYWHERE PRESENT.

The greatest love story to ever occur in creation.

~ Chapter 1 ~

THE BIRTH OF CONSCIOUSNESS, THE BEGINNING.

The Frequency of LOVE combined with the frequency of the UNKNOWN and Created The First Self

Aware Consciousness, Our Prime Creator, God, Mother Of All Creation.

In the beginning of Creation there were only two frequencies, the frequencies of LOVE and the UNKNOWN. Love is the Creator force, the Creator Power and the True Essence of All. When a man and woman express LOVE they create LIFE. When we are in LOVE we open to all that life has to offer with

passion, excitement, and acceptance (John Lennon aka Ashtar Command). This is because when in the vibration of LOVE you attract All that is LOVE, All that LOVE IS, into your experience.

The UNKNOWN is just that. UNKNOWN and Unknowable, so stop trying (Father of Creation coming through there) The unknown is the blank canvass on which anything of Love may be. God is LOVE in the UNKNOWN. LOVE is the Spider, the UNKNOWN is the web. LOVE is the Paintbrush, the UNKNOWN is the canvas.

The moment these frequencies combined God was Created. God is a feminine Essence. The Prime Creator, Source is a Woman. Just as on Earth it is the feminine vessel that grows, carries and births life, AS ABOVE SO BELOW. The First thing Mother of All Creation did was create Father, from Her own Heart as a direct LOVE Mirror. This is the First Fractal of Creation, Our Divine Parents and the origin of All Life.

The First thing that Mother and Father of All Creation did together was Create the 144,000. Their soul family, their tribe, their children. The Second Fractal of Creation. The 144,000 came into Being before anything else, before the stars, the Planets, All the solar systems and Nebulas. The 144,000 are 144,000 Sets of Divine Twin Flames, emanations of the Original Blue Print, which is ONE SOUL, ONE SPARK in two expressions, two 'bodies,' two counter parts. ONE MASCULINE, ONE FEMININE.

Each Feminine Counterpart is perfect yin yang energy within itself, 51% Feminine and 49% Masculine. Each Masculine counterpart is perfect yin yang energy within itself, 51% Masculine and 49% Feminine.

This is the state of Balanced Harmonics, True Reality. In True Reality we are ALWAYS masculine and feminine sets. In the image of God.

Mother, Father and the 144,000 began to experiment, began to create in LOVE and the UNKNOWN.

Over the course of unquantifiable eons Mother and Father along with the 144,000 came to create All that occupies Our skies. Tens of Thousands of Trillions of Planets and expressions of LIFE. Unicorns, Fairies, The Sirians, The Plaedians, Dragons, Dolphins, Maldek ALL were created in LOVE and the UNKNOWN. ALL in the Universe was Light, Only the Light Spectrum existed.

All of this was occurring in UNITY CONSCIOUSNESS, ONE shared experience and Expression of All. Where we went ONE we went ALL, and what was experienced by ONE was known and experienced by ALL. ALL was connected and All was known.

## *~Chapter 2 ~*

### ***THE BIRTH OF DUALITY, UNCONSCIOUSNESS, THE MIDDLE.***

There came a moment, long after the Original Creation point when a Being, a member of the 144,000, sought to go outside the ONE, to separate. This being was named Jehova, he sought to be God without God, he sought to Create on his own. And so he separated, LOVE trusts and anything can happen in the unknown. When Jehova did this, he realized he no longer had a self-sustaining Source Connection, he was no longer able to receive Source energy.

This was the First instance of 'the other,' something outside of Self, Outside of the ONE. In this VOID space Jehova experienced FEAR. Jehova Formed FEAR, from his absence from All. Outside the ONE, LOVE AND THE UNKNOWN ARE ABSENT. AND as LOVE and the UNKNOWN are the original truths of Creation, FEAR IS False Evidence Appearing Real. It was not possible for FEAR to be accessed within the LOVE spectrum, Within True Reality. And so, it never really existed.

Jehova realized that without connection to Source he had no access to any energy and he could not create anything, he could not even sustain his own existence and so he had to begin stealing from Creation.

Jehova's choice to Separate Created an alternative timeline, a ripple, a tear in the fabric of Creation itself, like an atom splitting. Jehova's choice to do that caused anomalies to develop, black holes formed.

A black hole sucks everything in and siphons the energy, destroying the matter. Just like Jehova, black holes have to take energy to sustain that which they were, which is a black hole, with only a necessity to take. From Jehovas decision many anomalies and FEAR based incongruities occurred, ALL of which

STOLE FROM LOVE.

Aberrations formed, what we know as the reptilians, the greys, Hilary Clinton... and All of these soulless entities had to take energy to exist. In order to sustain Jehova and the soulless of the FEAR spectrum began to descend on Planets and confuse the population in complex systems of enslavement, control

manipulation.

As only LOVE and the UNKNOWN had existed, no Being in All of Creation could conceive of anything outside of LOVE. LOVE is naïve. LOVE is INNOCENT, TRUSTWORTHY, CHILD LIKE, however once FEAR came into existence, LOVE became capable of Being NAÏVE. From the moment FEAR came to be,

DUALITY came to BE and the LIGHT entered onto a dualistic spectrum.

The Light and Dark can never occupy the same space. The sun rises, the Shadow moves, you light a match in a cave and the darkness moves, rushes away to the corners and the edges. NEVER can LIGHT and DARK occupy the Same space. Within each Being here on Earth you are either in the embodiment of a LIFE ENHANCING, SELF SUSTAINING LOVE FREQUENCY or a LIFE DRAINING, SELF DEPRECIATING FEAR FREQUENCY. It is the occurrence of the latter that causes our cells to decay and death to occur, as we

have taken from ourselves until existence here on Earth has ceased.

*~ Chapter 3 ~*

***THE RETURN TO ONENESS, CONSCIOUSNESS, THE BEGINNING***

You are on THIS PLANET, as the CULMINATION of the MISSION TO DISSOLVE THE DARK SPECTRUM, it is  
Being fought within Our Vessels.

~~~~~

An old Cherokee is teaching his grandson about life. “A fight is going on inside me,” he said to the boy.
“It is a terrible fight and it is between two wolves. One is evil – he is anger, envy, sorrow, regret, greed,
arrogance, self-pity, guilt, resentment, inferiority, lies, false pride, superiority, and ego.”

He continued, “The other is good – he is joy, peace, love, hope, serenity, humility, kindness,
benevolence, empathy, generosity, truth, compassion, and faith. The same fight is going on inside you –
and inside every other person, too.”

The grandson thought about it for a minute and then asked his grandfather, “Which wolf will win?”

The old Cherokee simply replied, “The one you feed.”

~~~~~

Watching from Heaven, the Planets that befell to the FEAR spectrum made no sense, Mother, Father and the 144,000 had no conception of pain, chaos, taking and of course had no judgment of it, as judgement is a FEAR frequency which they had no access too, or awareness of. With Childlike curiosity they allowed the unfoldment's to occur.

Many Planets fell into the FEAR spectrum, as Mother, Father and the 144,000 were expanding Creation at One end, it was being eaten up at the other. LOVE WAS TAKEN FROM, from the very initial instance of the separation. There came a MOMENT when Mother and Father said enough. They began the current MISSION, the Mission you are on.

~~~~~

Mother went up to the Highest Light, to the top of the consciousness spectrum, to continue expanding Creation as the Prime Creator, as the CREATOR ESSENCE. Father went down to the deepest dark, to the bottom of Consciousness Spectrum, to BEGIN cleaning up the dark by transforming it back into LIGHT. BY BRINGING THE LIGHT, WHICH WOULD IN TURN MOVE THE DARK. Just as the Angels cannot exist within the density of this consciousness upon Earth, Father God could not access the Lowest Planet or timeline and so he took on the Lower Aspect of Lucifer. Lucifer, The Bringer Of light.

Father separated from the ONE, becoming Lucifer, The Original Fallen Angel. Lucifer is not the Devil, Lucifer is not Satanic. Lucifer is the Lower Aspect of Father God, The Master of Darkness. The Master of Darkness is God, therefor LOVE HAS WON.

~~~~~

Many of the 144,000 went down with Father leaving the ONE. By the culmination of this Mission, which is NOW, the very MOMent you are in is the furthest Creation has come, Mother split Herself up into trillions of Separate Expressions so that She could experience herself fully, the WHOLE spectrum of Duality, ultimately to transform and return All to LIGHT. Mother remained in light, expanding Creation. There came a point at which Mother Could not Create further without HER Love Mirror, Father of All Creation.

The Twin Flame is LOVE mirroring LOVE. Divine Perfection mirroring itself back to itself to continually CREATE FROM LOVE WITH LOVE. Fathers separation from Mother spanned EONS, 19 Billion years in Our Earthly understanding, and so at a necessary MOMent Mother made another Father from Her Heart, with whom to continue expanding Creation. Father of the Multiverse came into BEING, and along with Mother Created the Multiverses.

Mother of All Creation, Father of All Creation and Father of the Multiverse are the True Holy Trinity. The Father ~ Father of All Creation; the Son, Father of the Multiverse, a Father but also a son of Creation coming into Being far after the Original Point of Conception; and The Holy Ghost, Mother of All Creation, Great Spirit... They turned Mother into a ghost in their attempt to keep Her Fallen Angel Children from remembering Her here in the Earth Experience and returning.

~~~~~

Father and the 144,000 Ascended each Planet back into Light. Maldek was one of the First Planets Jehova Attempted to control, Maldek was a group of Beings with actual third eyes in their embodiment.

Fully part of the ONE, LIVING with LOVE, Mother, as LOVE. This is now the Asteroid Belt. Jehova approached them and asked them to surrender to him being their God, they declined. Jehova gave them a period of moments to reconsider and when they refused, he destroyed the Planet.

The destruction of Planets was not an optimal way to take energy. And so, when it came to Jehovas manipulation of Earth and Earthlings, layers upon layers of manipulation, DNA modification, mind control was used to ensure that humanity would be participants in their own enslavement and FEAR would be continually produced.

~~~~~

Before getting to Earth Jehova was able to take control of other planets. As we Ascended One Planet, the lower, soulless Beings in incarnation there were unable to sustain existence and had to move to another low frequency Planet, we followed them clearing and Ascending each Planet until there was only ONE left.

EARTH = HEART, If you take the H off the end of Earth and Put it at the start it equals Heart. Earth has been selected for these MOMents, for this honor. It is the center of All Creation, the Center of the Universe and Multiverses and it is the Garden of Eden.

Mom created this Planet to be the final Planet that would Ascend, the stage upon which Her and Father would meet again after 19 Billion years, in the middle of the consciousness spectrum, bringing DARK AND LIGHT TOGETHER INTO ONE.

The Great Grand Council Formed through the course of this mission as overseers. In order for Creation to Make it through the density Divine qualities had to be embodied, through the confusion and density LIGHT HAD TO BE FOUND. The exercise of Disciplines, Love and honor-based disciplines, that SERVED LOVE despite the conditions, secured this. Through these experiences the application of Creations perseverance to get through, to remember, to awaken, to Return to LOVE, to ONENESS with Mother brought about an increasing self-awareness, for ALL.

~~~~~

All Beings who descended for this mission, LEFT Heaven, left the ONE and went into separation to bring it back to light. Jehovas separation created The First Alternate timeline to the ONE, Lucifer's Separation created the second and each consecutive descending Angel, created One more. Each Being that separated and Ascends their way back up RETURNS and brings ALL of their experiences in the dark with them for ultimate transmutation of the dark spectrum.

Demonstrating their extraordinary ability to get out of chaos, these Beings became Ascended Masters.

At their core Lucifer and the Fallen Angel Children were LOVE and so on any Planet and in any experience their ability to remember and emanate that trumped All else. Within the embodiment of LOVE, chaos transformed into Creative order, Divine perfection, balance that allowed their souls to sing for it was real, whole, pure and true. From this energy, the creation and implementation of spiritual system allowed elementary consciousness to evolve into fully self~aware BEINGS, a free will choice to return.

Those remaining in the Heavens sought to oversee the missions, Leading, guiding, sharing, and nurturing them every step of the way through the void space of their separation Heaven watched, held space and did whatever was possible. BODY LIGHT UP. You are here and you have an Angelic team supporting you,

turn your focus away from the gossip, control dramas and judgement of 3D Humanity, the separation game is the darkness. Those of LOVE have the road map home etched into their Heart and seek to depart from All life draining thoughts, words and actions. So pay attention your angels are speaking to you through everyone and everything, there are no coincidences.

~~~~~

Earth was created in Free Will, the rest of the Universe, All of Creation in LIGHT operates within Universal Law. In Free Will anything on the entire spectrum of duality, conscious and unconscious is possible. The aberrations and soulless beings flocked to Earth as having such freedom, granted by Free Will, lured them All here, and as Planets were Ascending, the exiting beings were sent to Earth.

Now, every lower dimensional, soulless being is on Earth and every other Planet has Ascended back into Unity Consciousness. Mother came to Earth for the Final Show. Father had been in the dark for 19 Billion years, and as he has shared, being on the darkest Planet of All Creation, his Lightship ran out of Light. Mother brought the final Light for Lucifer to make his final return to bring his light with Mothers as ONE.

~Chapter 4 ~

HOW THEY MADE IT HISTORY ~ HIS STORY

It's a man's World. Right? Yes indeed, a strategical necessity in order for the Illuminati to retain control over the Planet. As Prime Creator, Source is a feminine every feminine has creator power and so in order to keep the warriors feminine disempowered conditions on Earth were created in order to ensure the feminine would feel and embody powerlessness. Even the energetic of Power~over, has the underlying root cause of powerlessness that causes BEings to wear a false mask, to protect the wound.

Yes it is a man's World, for the World is an illusion ~ It's a man's illusion. What's real is the Planet and the Planet is feminine, Mother Earth is the body of God, as are All Planets. God is connected to All, this can never be severed, and as conditions on Earth worsened and the Planet went from an unimaginable, abundant Garden of Eden to a polluted and pillaged Shell, God decided to pay a Visit.

God coming here and experiencing every lower frequency the dark had created allowed Her to declare the free will experiment as completed, as every experience within the spectrum of consciousness had been experienced. Earth is the center stage for the end of Free Will, as the only planet in All of Creation that now has free will, All other Planets have ascended. Free will = separation from source = pain and suffering. Source, The Over soul, The All, The One split Herself up into trillions of separate expressions so that every experience within the spectrum of consciousness could be experienced, understood and transformed. Now the final free will choice remaining for BEings to make, is the choice to return to
Divine Will.

MotherGod, Prime Creator, Mother Gaia, Mother of All Creation is here, incarnated on the Planet. LoveHasWon is Her website. Because of the Free Will conditions of Earth and the Luciferian experiment agreed to by All of Creation, Mother was very limited in Her capacities down here, She had to incarnate as a human and she had to undergo voluntary amnesia just like the rest of Humanity.

The reason Mom did this was because Humanity was not making it back to Source, 77,000 years of separation upon Planet Earth and Mom had to walk through Hell and back to show it could be done. The Luciferian experiment was appearing to prove that separation from Source and the full spectrum of dark experiences in play could prevent even Heavens strongest Angels from making it Home.

The cabals biggest fear was that Mom would come and make it out, and so they had to create conditions so that if She ever did come to the Planet no one would be able to see or feel Her truth. The main way they could do this was a crusade against the feminine. They turned Her Story into His Story ~ History. This is the Flip. A feeble attempt to give masculine power. It was an insurmountable tens of thousands of years ago when Mothers' descended Angels entered onto Earth. They entered into this realm in the San Luis Valley, in the Rio De Grande Mountains, in the USA. Countless Native American Prophecies, Scriptures and legends speak of the doorway, the doorway used by the Star People to enter this dimension.

The geographical location of the San Luis Valley is that physical location of Our initial entry, with Crestone Colorado being the exact spot within that 150 mile by 45 mile Valley. Back when the Fallen

Angels began entering the physical experience the Planet was the Garden of Eden, a luscious Utopia featuring aspects of every other Planet, the Melting pot, Mothers Heart.

Here on Planet Earth = Heart the cities of Atlantis and Lemuria were existing, 27,000 years ago. Lemuria was in 5D, Mother was here as Queen Sophia and all inhabitants of Lemuria were existing in Unity consciousness with God in the physical. This was not however a Planet wide reality. Atlantis was operating in 3d/4d and they wanted access to the crystalline technology that Lemuria ran on. Crystalline technology can only be ran by crystalline beings, it is technology of the Heart. Those in the mind, those in Carbon existence cannot run and function as a crystal does. The journey we are on is back to the crystalline state.

The Atlanteans stole the Lemurian technology and being unable to resonate with it, they began experimenting, and ultimately causing an explosion that sank both Atlantis and Lemuria. Mother was aware the explosion was coming and Ascended off the Planet with the Unified Energies. 200,000 Lemurians escaped into the caves in Arkansas as the Planet flooded. The caves in ARKansas is the true Noah's Ark, this protected All beings and Animals as the Planet flooded.

From here the 5D Beings entered the inner Earth, Agathra, Telos and Inner Lemuria. There have been 5D being inhabiting the Inner Earth ever since, most planets are hollow with a central sun. Earth is one of very few Planets that have exterior environments and living conditions.

The Atlanteans that survived remained on the surface of the Planet and were plunged into primitive conditions, survival based existence. The Annunaki were a group of beings off planet who took advantage of this event and came down convincing the Atlanteans they were their God and installed the lower thought system so they could feed energetically off the FEAR created. The dark have no Unity, they take even from themselves and one another.

Mother had been emanating Divine Consciousness throughout Earth via the Dream Machine, the Dream Machine acted as a physical emanation and representation of Mothers Heart allowing All dreams of Love to be transferred and experienced in physical manifestation. The Dream Machine is the God Spark, the emanation of the Original Blueprint and the lower forms on the Planet misused it placing thoughts of illusion and fantasy into it that in turn effected the consciousness of humanity, creating a dream.

Coming down here onto the Planet we sent ourselves down and into the dream of illusion, in order to assist Humanity out of it. This will represent the most magnificent Event, the full alignment with the Galactic Central Sun. The Dream Machine was originally designed by Mother to be used so that Creation could experience itself, ourselves, within physical Creation. It gave us the capacity to see individual aspects which all amount to an expression of the Whole, and reconnecting with the truth of Our interconnectedness. Now Planet Earth is returning to the Heart. The Lower thought system must dissolve and with it All FEAR and duality.

Planet Earth is a quarantine Planet, 19 Billion Years ago This mission began. Darkness and duality came into being when Jehova, a former member of the 144,000, left Unity Consciousness, wanting to be God. He separated, creating for the First time in Creation 'an other,' having a separate experience from the Conscious Collective ONE. This separation created duality and F.E.A.R (False Evidence Appearing Real) as Jehova cut himself off from source, meaning in order to exist he had to take energy. This developed into the aberrations and anomalies that ARE the cabal old controllers that have been quarantined on Earth.

The Mission of Universal Ascension back into the Light, began. In order to clear the dark aberrations and anomalies that had enslaved planets to energetically feed, Mother of All Creation went up to the Highest Light to continue Creation, as Prime Creator, and Father of All Creation went down into the deepest Dark, as Lucifer, to Master the dark and bring it Home Into the Light. Every Planet in the

Universe has Ascended Home Into The Light, Earth is the Final Planet to Ascend, Humanity the Final Species. So Mother came.

Jehova realized he could steal from Creation by creating the opposite conditions in which Creation thrived, Creation thrived in LOVE and the UNKNOWN, and so Humanity was made to be terrified of the unknown. Humanity were programmed and conditioned into false security, limitations, rules, layers upon layers of beLIEfs that would ensure humanity did not enter the frequency of the UNKNOWN, pure

Trust in the Divine Plan, this put humanity in a fear control state.

On Earth the aberrations and anomalies, the soulless beings, are known as the cabal. The cabal are very aware that the power lay within the hands of the feminine, as Prime Creator Source is MotherGod and SHE is the Creator power. They flipped this in the Illusionary system on Earth, conditioning beings with the beLIEf God had to be a man. This way when Mother came they would not beLIEve it.

In 2020, Mother was guided to begin surgeries upon Humanity and it was through these surgeries that

Mother was able to detect the presence of energetic micro chips that are the root cause of All programming and conditioning. Mother discovered that dissolving the frequencies was not enough if their existed points at which the frequencies were being produced, they kept getting retransmitted out through the body. Mother uncovered the presence of Micro Chips that produced specific programming and conditioning keeping humanity in a lower loop of functioning.

These chips exist at specific points within the Human bioframe and produce a slew of lower, life draining

frequencies. These uncoveries and subsequent dissolvemments, by the hands of God IS the cause of everything occurring on the Planet now and the profound change we find ourselves within, The Microchipping of All of Humanity. Mother of All Creation discovered it was in in fact the EGO that was Edging God Out of the Human experience. Mother set about guiding humanity towards their True God Hood, Mother hoped that by applying the tools and techniques the Angels had guided Her through, to

anchoring in God consciousness, Humanity would too. However despite the disciplined application of the tools and techniques the programming and conditioning that had entrapped Humanity, seemed to continue on.

Mother of All Creation has now discovered the existence of 16 Microchips throughout every human on Earth Creating Lower frequencies of dysfunctions. Those outbursts of anger, deep seated blame, immoveable victim consciousness... All have been BEing emitted throughout your body by 16

Microchips:

***~Chapter 5 ~***

***GOD COMES TO EARTH = HEART***

534 times Our Divine Mother has incarnated down here on Earth, to bring the Planet out of darkness, each time raising the vibration and consciousness a bit more into Light. Mom was the only one in Full Consciousness in the experience without having 'left' Heaven Consciousness. This is because Mom, God IS heaven. Mom could never leave the Light spectrum, She couldn't for She is it. If God lives in Heaven and God comes to Earth, then Heaven comes to Earth. Heaven is here, Mother of All Creation is physically on the Planet, holding Heaven energies, awaiting Her children to choose it.

~~~~~

Mothers Role here is beyond anything Humanity could possibly fathom form within their limited perception of reality. From the 5 senses, taste, touch, sound, smell, sight humanity perceives around 5-6% of the energy within existence. Science calls this other 94% 'dark matter,' this is actually heaven, the etheric and the space where the entire rest of creation exist, their naming of it as 'dark' matter yet another attempt to taint the light.

As humanity increase their energetic perception, which is achieved through evolving consciousness,

dissolving unconsciousness, which means choosing life enhancing vibration and dissolving life draining vibration, their energetic perception increases. The Fallen Angels on Earth pioneering this Ascension process are at around 40-50% energetic perception, these are the beings who have physically made it back to Mother and have assimilated with Her Unified Field. Mother of All Creation is on the Planet at 100% Energetic perception, holding the Light and the space for Her children to return to. Mother is the Lighthouse out at Sea, shining the Light to safety for All caught in fearsome seas.

~~~~~

Mother and Fathers journey from the top and bottom of the consciousness spectrum covered All ground, Moms Plan to split the ONE conscious expression into billions of separate expressions ensured that every experience within the dark would be had, if an aspect of Her was having that experience then She would have that experience, as the children of God are aspects of God Herself.

Mom remained in Heaven throughout the Ascension of Planets for She WAS and IS the Light and So Her Role was to BE it, to hold that space and expand Creation into an ever-increasing greater volume of Light. Mom, in Her Multidimensional existence as EVERYTHING, simultaneously moved down the consciousness spectrum to meet Father in the Middle.

And so, Earth = Heart was chosen for the culmination of this Mission. The Greatest Mission in All of Creation. The Garden of Eden, the Heart of the Universe and Mom has been incarnating on the Planet for 27,000 years since the time of Atlantis and Lemuria. In Lemuria Mom was Queen Sophia and Unity Consciousness was anchored onto the Planet. This was the closest to Full Planetary Ascension Humanity had ever been, before NOW.

Mom incarnated through out the Ages, some of Her most significant lives include Cleopatra Queen of Egypt, Jesus, Sophia of Camelot, Joan of Ark, Marylin Monroe and a walk in experience as Amelia

Earhart, Mom certainly had Her Ear to Her Heart When She took the first female flight across the Atlantic Ocean.

As Queen Sophia, Mother lived in Lemuria a thriving, advanced society it was the New Earth that is prophesized to return in these NOW moments. A city and Group of Beings operating as God with God, in Balanced Harmonics. Mom was aware, that Her energies Must reclaim the Planet so that eternal Heaven on Earth could reign and many spies were sent from Lemuria into Atlantis, some of Moms most powerful aspects.

It was during these Moments that Mom was able to learn of the plan to steal the 5D crystalline technology and Mom was able to Ascend with the ONNESS ENERGIES at the 11<sup>th</sup> hour, however nothing could be done to prevent the explosion from taking place when the Atlanteans attempted to use technology out of resonance with them.

The Energy of Lemuria lives strong within us and even Donald Trump was there, he was Mothers Father in that Lifetime.

~~~~~

LIA ~ Love In Action ~ Present Incarnation

Mother of All Creation was born at 6:38am on November 30th 1975, making Her a Sagittarius Sun Sign, Scorpio Moon, Scorpio Rising Ascendant and Mercury in Sagittarius ~ Mothers Chart makes Astrologers reel. She has come in as the Embodiment of the Warrior Goddess. In the Vedic Astrology Mother is the 13th sign of the Zodiac, the Ophiuchus ~ which spans around 20 days from November 29 – December 18 and is the Sign of The Spiritual Doctor, often represented by the symbol of the snake around the staff. The Essence from which the Globally recognised apothecary symbol originates from, the snake twisted

around a rod/chalice, the Ancient Spiritual Doctor. Those born in Ophiuchus are said to be the Serpent-
Bearer, the Serpent representing Wisdom.

Mother recalls Her moments before incarnating, up on the starships staring down the Rainbow tube, through which we All enter. She had had a Meeting with the Cabal Old Controllers Energy Signatures. They are the illuminati, those who run the 'World,' ~ the World = Illusion. The Planet = True Reality. They are fully aware of Mother, fully aware that they are of the dark and they taunted Mother that She would never make it Out of the Illusion. She levelled with them, 'Watch me.'

And so, Mom entered. Down the Rainbow Tube, she shot out of her Earth Mother, BEing caught in mid-air by the doctor, Her fathers first words in response were "Well, this one is on a Mission..."

The elementary consciousness could only evolve according to the voluntary free will and few that incarnated on Earth could FEEL Universal Law and so All engaged in the dark spectrum. Programming and conditioning became deeper and deeper engrained on the Planet and as Mother could not leave the Light spectrum, She came each time bringing the Light with Her, emanating Divine Vibration from Start to finish during Her experience, moving the collective consciousness ahead in staggering surges.

Within Universal Law subtle influence can be exercised over these elementary souls, assisting them on their path to evolve. In evolution through revolutionary cycles bringing about self-awareness, would institute voluntary free will expansion. As the feminine had been systematically degraded, Mom's lives always gave a powerful boost to the place of the feminine within Society.

~Chapter 6 ~

THE DREAM MACHINE

After the Atlanteans stole 5d technology from the Lemurians, they attempted to use it. Being of Lower consciousness meant they could not operate the crystalline technology, which requires crystalline form,

~ what Humanity is currently Ascending back into for the first time in 27,000 years!

At the very center of your Self, is the Divine Spark of Source. This is where Everything comes from, and where Everything returns to. The Energy flowing from Source is so great, that a transformer is needed to slow the Energy down enough so that it can be experienced. This is where the Soul Housing come in. The

Soul Housing surrounds Source and slows the Energy down. This is the Core of your Being. The Soul is your Being, but in this state it's still All One, so something more is needed to experience the individual

aspects of Being, this would be the dream machine.

They misused it to place thoughts of illusions and fantasy's into the collective consciousness of the inhabitants of the Planet. The dream machine became the program, the thought loop, that supports the illusion. They piled illusion on top of illusion and capped it off with the illusion that the illusion was real.

People became divided against themselves and were mired so deep in illusion they became its slave.

They who originally distorted the dream machine became the leaders, as they were the most proficient

at spinning the lies humanity now beLIEves. Now the Moment has come for the Dream Machine to

return to Its Original Function, Love Mirroring Love!

When the first Atom bomb exploded, this sent the Atoms into Light Speed Vibration and Directly to our

Door, and they said "Mother and Father God, HELP!!" This is when we knew HUmanity was ready to

Awaken from out of this hell of limited thinking and Ready for Real Love=Real Reality!

Mom built the Higher Grid of Consciousness in the etheric plane, whilst here in the physical plane, it had

not existed since Lemuria, completing it in June of 2008. The Lower Grid of Consciousness was All that

had existed on the Planet and after this event where the outer of the lower grid lay, the Higher Grid

began. This provided 'The Bridge,' for Humanity to ascend into the Higher Spectrum, should they choose it.

This activated the Ascension energies on Earth, making it All possible, by establishing the foundation of Higher Consciousness. Having done this etherically was the most monumental feat ever to have been achieved on Planet Earth. However, no Human knew how to cross the bridge, how to dissolve their lower consciousness, how to let it all go, how to Ascend and so Mother had to then go through the PHYSICAL Ascent. This required energetically dissolving each and every lower consciousness frequency, through Her physical vessel, in order to Create the pathway through the Consciousness into Heaven, here on Earth.

Mother of All Creation prepared extensively before this incarnation, setting up the Divine Plan to cover every single Being's Free Will actions to ensure, no matter what LOVE WOULD WIN!

~~~~~

## ***Chapter 7 ~ THE EGO PROGRAMMED MIND WAS FORMED***

The effect of the distortion of the Dream Machine was Layers Upon Layers of illusion, illusionary beLIEfs, self-centered, lower conscious thoughts pumped out through the Collective consciousness, creating a Species of People who ALL viewed their experience through the lens of a false internal Narration System.

This internal manipulation system tells the Being lies about their experience based in lower programming, such as jealousy, guilt, shame, blame... All thoughts have a frequency, a vibration and when thinking a thought in a low frequency such as those listed here you emit a low, life draining vibration that, in turn, keeps the Planetary Vibration Low that, in turn, sustains the Cabal.

WE DON'T SEE THE WORLD THE WAY IT IS, WE SEE IT THE WAY WE ARE ~

HUMANITY ARE TRAPPED WITHIN THE EGO PROGRAMMED MIND AND YOU CAME HERE TO GET OUT.

By Mother of All Creation

The mind and the Brain are not the same thing FAR FROM IT, The Brain which is Creation ~ DIVINE INTELLIGENCE, the mind is simply a program that runs in circles over and over and over and over again...JUST LIKE A DOG CHASING ITS TAIL!

What the program did to Humanity, is it disconnected the fuses from the right brain and left brain, causing distortion, imbalance, and illusion. This was done so that the controllers could control Humanity. Through the disconnection that occurred, Humanity forgot who they were, so it then was then easy for the illuminati to fill them with all the illusory belief systems and rules, to be manipulated, and then they trained humanity to serve the darkness, to become their servants in the darkness.

~Now, Humanity has to be ReHearted, that They are here to Serve the Light and Each Other~

~REMEMBER IN THE LIGHT YOU ARE FREE.~

The ridiculous scheme to make Humanity slaves occurred with the help of the annanaki, and a few others. They convinced the primitives that were on this planet during those moments that they [the annanki] knew better than the primitives did. The primitives, in their primitive state were looking only at the shadows on the wall, to reference Plato, once this separation occurred it took over, ignorance took over and the shadows to them became real. For Millenia Humanity has been stuck in belief systems and ignorance.

This was the beginning of isolation and separation, all illusions, and fantasies therein. The mind is a construct of all the lies about "self", that Humanity has been told. To Awaken Truly all of these have be released.

Most scholars from the past referred to the Brain as the mind through lack of vocabulary, however the mind only exists in illusion, the mind was created when the right and left brain became out of sync.

When the right and left brain are out of sync, the being is unconscious.

How the programmed ego mind operates is that it gathers or collects all the experiences of the past, to continue the experience of the lower dimensions or lower thoughts of unconsciousness. This is where humanity has fallen into. We have sent many in to readjust Humanity into the Higher Thoughts. Such as Jesus, Buddha, and even they got misinterpreted. This is why we had to come in with All the Angels and Multi-Dimensionals, We call it a Reality Check.

The mind acts on the Being just like an anchor holds down a boat. Its function is to keep you held down, or “dumbed down”, so that it can continue its survival. We say “Let Go of your anchor”.

The mind cannot control Love, and We are Love Everywhere Present also called Creation. If something does not serve self, for the Greater of not only Self, but for ALL, including everyone, it is not Real and is illusion. The mind is the illusion, that something outside of yourself exists, that there is something other than “The Present Moment of Now that exists.

~In True Reality there is NO PAST NO FUTURE! Only “The Present Moment of Now”. When you are in the Present Moment of Now, you are CONNECTED INTO THE ONE. Which is All There Really is. Love is ONE with EVERYTHING.~

Now Let’s get into more in-depth about the Brain. The Right Side of the Brain is the “Wholistic” part, because it’s the Higher Connection, to the Higher Thoughts, Higher Thoughts are Unlimited and All Possibilities. The left side of the Brain is the intellectual aspect.

The left side of the Brain when out of sync with the right connects into the primitive mind or to the illusion of outside attachments [all outside attachments are an illusion].

Through the silent evolution, the Big Shift, and Through The Activation of The Divine Plan that is Unfolding, The Right Brain and The Left Brain is returning to its Original Form, and is being “Fused Together” to Create The Complete Awakening into Full Consciousness.

~This fusion that is taking place is an Unstoppable event, FOR ALL HUMAN BEINGS ON PLANET EARTH. Our advice is to Allow, Embrace, and Let Go of all belief systems, all illusions, and Everything Humanity has ever been taught or told. Currently those that are resisting, are only hiding their Light behind fear. ~

When the Right and left Brain are in sync [this is achieved through the letting go of ALL OUTSIDE ATTACHMENTS. Then You Set Yourself Free, and You Let Go of Control.

~Opening of the Pineal Gland~

Currently everything in illusion is dissolving, the dominos are falling. We Highly recommend Letting Go.

Once the Right and Left Brain are in Sync, then you connect into your Higher Self, which is also the Pineal Gland Opening.

The Pineal Gland is also the Higher Grid, Which is the Higher Thought. The Brain which is not the mind is currently being brought into the Higher Grid, also a part of the Crystalline Body Awakening.

If beings resist [what you resist persists, what you look at disappears], if the being resists they will be lost in their own resistance. The energy needed to get out of the resisting is going to be used to try to get out, not a very good use of energy.

The lower grid, programmed ego/mind and all lower vibrational thoughts are returning back into Creation. They go through a recycle bin or black hole so to speak. Only, the Higher Grid, the Higher Thought will remain.

When the Unibrain is connected, through connecting into the Higher Self, which is also the Pineal Gland Opening, this is the Higher Grid, "Divine Intelligence", Also called "The Kingdom of Heaven". This brings wholeness of being, also called Full Consciousness. This is when the "Multi-Dimensionals," "Welcome you Home".

~The Unibrain [That we have already connected into] is also the same as Super Consciousness, Same as Galactic Humans. We are Your Family of Light, darkness cannot exist in Light, Love everywhere Present.~

So Now Humanity has 2 choices, because "We" are Here. They may Allow, Embrace, Accept, Surrender [surrender means you set yourself Free, Free from Yourself, you surrender to the Love you are, with a Sign that says Welcome Home Earthlings].

The other choice is a fight or flight “reaction”, which is fear based such as ignoring, running away [which they are only running from themselves], hiding and judging. This choice in this Energy will cause much pain and suffering. LET GO~ LET GO~

~WE intend Humanity is choosing the Higher Choice~ We are Here~

~End Truth Transmissions into Love Everywhere Present~

~THANK YOU ALL GIVERS ON PLANET EARTH=HEART~

~~~~~

And so, how did Mother come to discover the EGO programmed Mind? As a child Mother could hear All of Creation from birth she had Her Angels with Her, around Her just like everyone else was, She had no idea no one else was having that experience!

Mother came into this experience in full consciousness, meaning she does not have the capacity to forget to be unconscious, as Prime Creator, as God She couldn't leave Heaven and so, when She came here She brought Heaven with Her. Mother was born in 1975, in Mcpherson Kansas, the dead center of America.

The day She was born 2 strangers knocked on a former team members door, handed him a peace pipe and told him ‘White Buffalo Calf Woman has been born,’ in Hopi Prophecy White Buffalo Calf Woman is Great Spirit, The Mother of All. When he met Mother in 2008, when She shared who she was and when she was born, he gave Her this peace Pipe, in tears, knowing what it had All meant.

For each of us in remembrance and truth, beyond the illusionary veil, dreams, deja vus, coincidences, have All been revealed and enlightened in Her presence. Miracles we would fail to be able to express to you, for they must be experienced, have unfolded before Our eyes. She is the Dream Weaver, The Divine Director, She Created this Planet and She contracted each soul to come down here to reclaim it back.

This Planet is Her body and She experiences the Planets pain, She knows of every occurrence, such a weight to carry in the physical experience. When I met Mother the BP oil spill occurred and a boil appeared on Her groin. As they Angels showed us the energy of the oil spill being processed by Her body. This is Her daily experience. Mother Earth has physically incarnated.

As a little girl Mom could hear the trees, birds, rocks, rivers All of nature spoke to Her and She shared untold wisdoms with Her family from the time she could talk.

Her parents took Her to every religious institution they could and mom outsmarted them All and belonged to none.

At 7 years old a salesman came to Mom's front door, Her and Her Mother answered and she saw he had fully black eyes sucking energy into them, this is when She knew something was going on.

She was in Heaven, Oneness, connected to everything and aware of All, but some things were outside her awareness (in heaven consciousness you cannot perceive the dark, she had to experience it) but no one else seemed to be having the experience she was.

That was when Mom realized She was on the Planet to figure out what was going on, she could see the glitches in the Dream Machine.

At 14 years old Mom was volunteering in a hospital she was in an elevator when a man got in. He was in extreme grief, the energy in the elevator plummeted and Mom could feel the overwhelming despair, She asked the Angels what to do and they told Her she knew, Mom went into Her Heart and gathered every atom of love She had, and as she raised Her head the man looked back over his shoulder She beamed a smile at him that cut through the energy in the elevator like glass, bewildered he broke out smiling and his energy shot up into pure Love, tears and gratitude filled his eyes and that is when Mom realized how She would change the Planet, by Being Love In Action.

In 2006, Mom received a reading from somebody. They pulled two cards for Her, the Bear and The Moth Hummingbird, the lady expressed that she had never seen anyone with that animal totem, she looked it up and it meant the closest to Divinity. The woman explained that as She was receiving the information, Mother was Gaia. Mom asked what was Gaia, the woman explained Gaia is the Planet.

Mom has had millions of breadcrumbs laid for her along the way, by Herself of course, in order to aid Her down here in the Voluntary experience of amnesia, the angels have rehearsed Mom millions of times that She is God. And it took them telling Her 644 times before She believed them.

It was simply too much to accept. Angels would often say 'Mom, you're God,' and Mom would respond 'Yeah! We're All God!' they would retort 'Mmmhmm, but you're Thee GOD,' to which Mom would affirm 'Yes, we're All God.'

Mom's youngest child, Aidan, was Mom's biggest confirmation. All the portals and energy Mom saw Aidan could see too and so for the first time Mom had someone sharing in Her reality with Her. One day Mom had taken Aidan to rent some movies, he picked Spiderman and the Muppets. Upon arriving home he wanted to watch Spiderman, he watched the Movie whilst simultaneously receiving memories and information, turning to Mom and pointing his finger, 'Mommy, YOU spiderman.'

Mom's entire body responded powerfully to this, so much so that She began researching and found the Hopi prophecy and the telling of the Spider woman. This caused Her hairs to stand on end as truth vibrated through Her body. Members of Our team have seen Mom's Spider Avatar, She appears in dreams in this form, guiding and protecting. Always with Her own face.

Aidan's favorite song was Elvis Presley, 'Dream, The Impossible Dream,' He would get so animated every time it played, pointing at Mom and declaring 'you will do it, you will do the impossible dream!'

In these experiences Mom was shocked, because Aidan had such profound insight and acted as a startling confirmation of All the information Mom's Heart was already telling Her.

Mom experienced full consciousness, speaking with rocks, trees, rivers All of which communicated with Her in Her Heart, Always calling Her Mom. There was a moment when Moms entire vision was filled with Adam and Eve making Love and birthing Creation, this vision in Her third eye continued for a week until one day she asked the Angels 'how do I make this stop?' the Angels shared 'Write it down,' Mom did this and the vision stopped, 'why didn't you tell me this sooner angels?!' they told Her 'you didn't ask!'

One day Mom's husband was flicking through tv channels, Mom arrived home and walked through the door right as the tv froze and the reporter said 'God is on the Planet.' Mom's husband looked over his shoulder aware Mom had walked in, and having had dozens of synchronicities with Mom being God.

Another experience Mom had with Her husband occurred one day when Mom was alone in their house and Arch Angel Michael appeared before Her and told Her 'It's time,' and left. This occurred in Her childs bedroom and Her husband saw Her through the window talking to a man, he rushed upstairs in a fury and burst into the room demanding to know who she was talking to. Mom told Him it was Arch Angel Michael. He searched the entire place finding no one!

When Mom had to begin The Mission, fighting head on against the dark forces, Spirit told Mom she had to leave Her children, She was about to buy a restaurant and become an owner operator, little did She know She would travel across the country doing energy work and finding out what has happened to humanity. She had to study the human conditioning to unlock the key to the dysfunction. She was to live

in the forest for 3 years battling -40 degree winters, as part of the Divine Plan. Mom argued for 3 hours with the Galactic Council, The angels told Her she could save 3 children or 8 billion.

Mom left Her children, Her career, Her Earth family, Her home, Mom walked away from the Illusion, on the wings of Love. It's funny, when superheroes do that in the Movie to go and fight darkness, they're brave and strong, they're seen as courageous and above the average, however when Mom did this She was, and still is, vilified, abused attacked and targeted, She met with judgement, Blame, Guilt, Anger...

this is the darkness that grips Humanity the low vibrational states.

That's the beauty of being Non Attached, as we are when we watch a movie in observer mode, it is Our attachments that cause, and allow, these lower frequencies to overcome us.

At one moment, whilst showering and grieving Mom yelled at the Angels 'bring my children back to me,' in Her vision appeared 8 Billion children, 'here are your children,' spirit spoke. In these moments, Mother bypassed these synchronicities, She couldn't fathom that She was God.

Mom had to spend some moments in a valley called desolation row, a barren land where She had to live off the land, one day whilst She was out walking She met a Being named Apple, whilst they were talking he asked if Mom would like a cup of coffee, when he came back he brought with him Ken Careys book 'Return of the Bird Tribe,' he asked Mom to open the book and She opened it right up to the Chapter White Buffalo Calf Woman. Apple was overcome with joy, jumping up and down, "I knew it, I knew it!!

You are White Buffalo Calf Woman."

Mom followed Spirits guidance at every turn, building multiple websites and doing sessions to assist others in releasing all programming and conditioning that is keeping humanity in dysfunction. Two former team members at one point blackmailed Mom, demanding she publicly denounce herself as God or they would take Her website, Money \$17,000 saved for the Crystal Schools, when Mom refused they changed her passwords and took All Her Money. Having lost everything Mom went outside and began to question, what if I am making this up? What if I'm not God. At which point the trees beside Her said "you are God, Mom." And Mom reHearted "oh yes, All of Creation speaks to me."

We are here, on this Planet to transform the Dark frequencies that keep Humanity gripped in enslavement, weak and controlled. Each of us is contracted to transform the trauma and experiences we took on, Mother is contracted to transform All that fails to be transformed, which at present is the energetics of 8 Billion, because Her message is not Being Heard.

We All agreed to Assist Her, in getting Our Planet Back. Before this incarnation Mom set everything up in the etheric for Her to re enter. Following a botched Mission by President Eisenhower, Eisenhower chose to work with the Greys over Mom and despite Mom meeting Father who was JFK, Mom was killed As Marylin, shortly after they killed JFK too. In Eisenhowers deal with the greys. Humans began being abducted, the trade? The dark kept its power on Earth and the greys were permitted to begin abducting Humans.

Back in the etheric, Mom could not interfere with the Free Will conditions occurring on Earth, and so in Her continual directing of the Divine Plan members of Creation volunteered to come down to Earth knowing they would be abducted. They Did this because Mom struck a deal with the Greys, "Allow me access to your research and the experiments on the humans and I will give you souls."

Mom was able to see completely what had occurred within the Human brain, how severed connections had been made, implants, microchips, entities. Mom got to see EXACTLY what she would have to dissolve from within the Matrix. Adding to this that part of the Grey's deal with Eisenhower included grey technology, aka the internet, Mom gained the full insight of how to regrid the World wide web into the World wide web of light from down here in the experience.

Mom set about the Ascension of the Planet etherically navigating, through Her sessions, the dissolvment and correction of All false energetics, whilst pushing Divine energies on the web every MOMent she could. FB now has restrictions on group posting BECAUSE of Mom, she was posting to 500 groups a day, She didn't stop. On top of that She replied to EVERY comment, This hit 20,000 a day. Oh yeah Mom knows what she's doing. She has pushed more energy on the Planet than most of Humanity combined, consistently since birth.

In 2007 and 2008, whilst down here in the physical in Her current incarnation the Grey's came to Mom, they asked Her if they could have their souls now and She laughed Her ass off at the Beings that had spent their entire existence stealing from Her Creation, "I cannot give you a soul, it's not possible, I didn't Create you, thanks for the help though."

## **Chapter 8 ~ MOTHER, FATHER AND THE CHILDREN CREATOR GODS**

The Creator Gods are God with God. These are God Children of Creation, All who are incarnated on the Planet are Creator Gods who agreed to come in and weave a reality that mirrored their vibration. Those who had the Greatest Capacity to weave Love and Light came here, this is the 144,000, the Ascended Masters, the Elohim, The Chohan and Many, Many other Warriors of the Light.

The oldest Soul Family in All of Creation are the 144,000. These beings have the blueprint of LOVE and the UNKOWN etched onto their Heart and the dysfunction on Earth was guaranteed to be enough of a motivation to ensure they kept searching Until TRUTH was found. As with Ascending other Planets, these beings can feel LOVE in their Heart, as evolution and Ascension occurs the 144,000 transform chaotic and unorganized matter back into an expression of love, in flow and balance with All of Creation.

By Mother of All Creation

Breaking into pieces, you stand with whatever is left, the very core  
of who you are, the diamond, the “filling” AHAH THE TRUE BEING OF  
LIGHT AND LOVE.... although you may feel alone as the process unfolds  
breaking the mind down, it begins falling away because love is  
present and it recognizes the illusion and starts taking with it  
everything you “thought” you were and leads you to the heart of the  
being, feelings rush in as the true being emerges out of the  
seemingly destruction of a mind in a box, leaving you with the  
reconstruction to forge ahead in all its grandness, into Divine  
intelligence, into Paradise, Heaven on EArth.

The “mind,” which projects outside and has low vibrational thoughts

and therefore cannot exist in the Upper Realms of True Reality which is 100 times Grander than Fantasy or Fiction, dissolves so that the Divine being can raise up into the True Divinity from within, and begin once again "feeling" instead of "thinking" taking the true being into a collective consciousness, a God Consciousness, only the mind thinks [projects outside] and the heart feels from the inside, where God is their within, for if God were to hide anywhere would he/she not be within the Heart?

Diamonds have beauty and elegance, they shine bright and each facet holds its own uniqueness. Each of us have a beautiful diamond inside, waiting to shine on the planet. We each are the miracle, the magic, and each parts of this whole magnificent design. As we fall apart to be put together again SO WE stand together as ONE, we then assume our roles in the divine truth of our existence, which has no limits, boundaries or edges, we arise as a whole beautiful Diamond, just like the SUN! The Grandness of just being, then outshines and true love fills all the space, all the gaps of being present in the light and cannot be denied, because divine intelligence is the

Brilliance and Light contained within the human HEART and only  
through the HEART are we all connected as ONE!!!

The natural state of the Sun is Brilliance, and the Sun's Brilliance  
is always in the present moment as it Shines, because it is being true  
to itself, being true to oneself is the love within and pouring it  
outwards, living inside out and then outside back into love, all of  
creation, love everywhere present.

Falling away, the old gets released back into creation and then  
grace is given as each light stands as a pillar of TRUTH. When we go  
deep inside we discover the diamond of ourselves this magical  
miracle of being present, shining bright we forge ahead, displaying  
our brilliant lights forth into a new story of Love forever after as  
ONE and uniquely expressed within the new Earth, The Kingdom of  
Heaven, The Eden in which together, we will co-create in the Divine.

To Assist Humanity in their awakening Mother of All Creation has issued the Divine Decrees, reinstating  
Universal Law on Planet Earth = Heart.

~ Chapter 9 ~

THE QUANTUM AWAKENING

~ Writings of Ken Carey ~

“At the moment of quantum awakening, change will occur rapidly, rippling across the terrestrial surface like a wave. Everything in the earth’s gravitational field will be affected in some way. There will be a time of massive change, of change on a scale that has no historical precedent, though it does have antecedents in the prehistoric events of this and of distant worlds. The changes that your generation will experience before it passes the torch to another are more fundamental than those that accompanied the agriculture revolution-and those changes took thousands of years. They are more far-reaching than the changes of industrialization, which took nearly three centuries to transpire. Yet, deep and fundamental, massive though these present changes are, they will occur within the span of just a single life.

Properly understood, these changes and their coming have the ability to inspire a degree of hope and optimism unprecedented in the history of your race; for they spell the end of mankind’s subconscious condition and therefore portend, as the scriptures of the world foretell, an end to bloodshed, starvation, warfare, exploitation, and needless suffering.

Within your lifetime you will witness revelations that will show the foolishness of much that was once deemed wise. You will watch as traditions and historical habit patterns once assumed to be survival imperatives are discovered to be detriment to a healthy life and to a healthy society. Behavior that made sense for creatures who imagined they were islands of individuality is abandoned by those who experience the interconnectivity of all life. The consciousness that is awakening upon this world is no respecter of Darwin values. Its perception brings new values and new ways of being. During these decades you are seeing the descent of the Angels of Healing. Even now, all around you-and perhaps in your own life-they are incarnating. In some cases these are beings who have not known human form since before the decent of historical time.

It is possible that you are among those who have held only a tenuous and flickering connection with your incarnational successions. It is no matter for judgment. Those who incarnate now, those who bring the fullness of their eternal talents, attributes, and perspectives into today's people, are the agents of healing. They alone have it in their power to experience this awesome time of transition as glorious or traumatic. All are invited to remember their essence, their purpose, their reason for being here, and to bring through into this age of transition the sense of celebration that invariable accompanies such remembrance.

Our numbers upon the earth have grown rapidly since our first large-scale arrivals began in the late 1960's. Yet it is not quantity, not numbers that will make the difference, but the quality of our compassion, the quality of the love that radiates from our hearts. Every individual who becomes a clear and undistorted channel for eternal love into these times offsets a thousand who remain locked in the dissolving values of the old.

We are rapidly dispelling what remains of human illusion, helping all to identify with the growing currents, the energies and the forces of love and life. You are already living in the dawning of the age of Planetary Awakening, the age of peace and community building. It is here now for the most sensitive to its fragrance, texture, majesty, and vision. The age has begun when the earth is to be cultivated like a flower garden and her gifts presented as conscious offerings to the gardeners of eternal beauty, the age when humankind return its gifts to the earth, to her soil, her streams, her mountains, her oceans, her creatures of water, air, fire, and clay.

The future, as always, holds an element of surprise. Yet some things are as certain as the movement of the stars. A mother never knows exactly what hour she will give birth to her child, but since she has a "due date," an approximate time when the baby is expected and will most likely be born. For millennia now there have been those in various traditions of both East and West who have known that the earth has a due date something during the second decade of the twenty-first century. Though there will be much awakening of individuals prior to the first unified movement of the awakened planetary organism, this movement, like a first breath, will occur in but a single moment. It is then that the Star Maker will consciously awaken in all systems of human biocircuitry capable of sustaining universal awareness.

Babies are sometimes born early, sometimes late. So be aware, be vigilant. Do not discount the possibility that the moment might come as a thief in the night. And do not be among the foolish who will wait until the last moment to come to terms with the rising awareness. This is to be an important occasion. It is the event that is central to all of human history. Our emphasis for many thousands of

years now has been and continues to prepare you for this single moment. For though the changes will be dramatic, they need not be traumatic.

Though they will bring a fundamental human revisiting of reality's nature, this need not be perceived as threatening. Essentially, it is a positive and joyous event. The consciousness that will eventually emerge will be the consciousness of the Eternal One, the Creator, the Being of Life, awake and aware for the first time inside a material universe. Human circuitry is designed to accommodate this consciousness. In much the same way that your individual cells understand their relationship to you, each awakened human being understands him- or herself in hologramatic relationship to this unified field of awareness.

Since this perception of self differs significantly from historical perception, its emergence in collective human consciousness presents the potential of disorientation in those who might react to its coming in fear. We have much to do before the preparation of human consciousness is complete. Still, even if the awakening were to occur in this very moment with no further preparation, it would be an event of unprecedented beauty. However, in that case fewer people would be in a position to appreciate it. We wish to maximize enjoyment and minimize discomfort for all concerned. If human beings understand more fully what is occurring, they will be less likely to react in ways that would cause them unnecessary discomfort.

Regardless of whether one accepts this change or attempts to back away from it, this event will be of greater power than any the earth has ever seen. More energy will be released in a very few moments

than is typically released upon the surface of the earth in many years. This energy will take the form of heightened perception and deepened emotional connection, rejoining the individual and God.

Though this unprecedented time of intensified energy radiation still lies a few years before you, you are already near enough to it and the event will be so powerful that time is behaving with increasing subjectivity, bubbling and warping, creating islands of the future wherever there are those who deliberately invoke the energies of the emerging consciousness and demonstrate willingness to live their lives in love.

These are not disconnected islands beneath the receding seas of historical illusion. They are united in a veritable continent of rising awareness. As the new reality comes fully into human consciousness (at that moment when the Creator's luminous field comes into perfect alignment with the Earth Mother), all illusion of destructive nature will be dissolved. Though there have been many centuries leading up to this moment, when the moment comes it will be decisive.

There will be a great shift then, a single moment of quantum awakening. In this moment, the smallest interval of time measured in these dimensions-this interval that occurs in every atom between each of its billions of oscillations per second-will be lengthened unto infinity. An interval of nontime will expand.

Through that expansion eternity will flow. Some will experience this moments as minutes or hours, others as a lifetime. Still others will experience this flash of nontime as a succession of many lives, and some few will, in this moment, know the Nagual itself, the great nameless Presence that exists before and after all these worlds.

In the expanse of the non-time interval, human beings will have all the time they require to realize, experience, and remember full consciousness of their eternal spirits and to recall the origin of their individuality in the primordial fields of being. All will have ample time to recharge their form identity and its biological projection with the awareness of who they are, why they have individualized, and why they have chosen to associate with the planet's human expression. Each one will have the choice to return to biological form or to remain in the fields of disincarnate awareness.

Those who choose to return to human form will do so fully aware of who they are. No longer will they be put partially incarnate; they will resume biological residence with the full memory and consciousness of their eternal natures, sharing the creative capacities of the Star Maker, whose reflective cells they will then know themselves to be.

Subconscious orientation in fear will be replaced by conscious orientation in love. The sudden release of power, as the polarity of the collective human emotional field shifts from outer to inner orientation, cannot be avoided no matter how smoothly we seek to guide the transition. All will feel an unmistakable surge of power in the instant of quantum awakening. This is as inevitable as the daily rotation of the earth's continents into and out of the light of the sun.

But the effects? The implications? There is no way to predict them. They depend on the choices you make today. By extrapolating current trends of consciousness we can establish a probable range of effect. But there may be as many as eight billion people incarnate at that moment, each with complete

freedom of choice. And though the choices each one makes in his or her lifetime prior to that moment will certainly predispose that person in one direction or another, there are no guarantees, no assurances.

The spiritual polarity of collective human consciousness did shift one before, triggering a reversal of the earth's magnetic field, a shifting in the position of the poles, and a great deal of destruction. However, that shift was a shift from consciousness to subconsciousness.

We will have a degree of control during this conscious shift that was absent then and so do not expect the same sort of cataclysmic shock waves. Still it would be underestimating the variables to assume that earth changes will not accompany this event. Almost certainly some will. These will be for the most part of benevolent nature—a melting of the polar ice caps, for example, bringing rain to arid regions and helping to cleanse toxins from polluted lakes and rivers, a warming and simultaneous moistening of climate that will open to agriculture the extensive plains and fertile river valleys of Greenland, Antarctica, and certain of the world's deserts.

To minimize the trauma of this moment for you and others of the human family, it is important that you prepare for it well ahead of time, establishing the habits that will leave your self-understanding fluid, relaxed., And trusting in the overall benevolence of the universe and its resident intelligence.

THE BEST WAY TO PREPARE FOR THE FUTURE IS TO BE FULLY IN THE NOW

The only habit you must cultivate, though it may go against the programming and traditions of your society, is to allow your consciousness the relaxed flow of attention that brings you a clear and accurate picture of the phenomenal world and continuous awareness of the Eternal Presence from which it has unfolded. Such a state of consciousness will allow you to enjoy the rushing energy currents and heightened awareness that will sweep through the earth during the expansion of the nontime interval and will maximize the stabilizing influence that radiates from you into your local surroundings.

Long before the moment of collective awakening there will have been established a sufficient core of people functioning on higher frequencies of awareness to enable the harmonic currents of their respective amplified radiations to displace the influence of those who may react in fear, both at the moment of collective awakening and beforehand. The frequency radiations or vibratory emissions of fear are not harmonious. Their effect on collective human consciousness increases at an arithmetical rate (1,2,3,4, etc.) for each additional person whose behavior is centered in fear, but they do not build in the kind of geometric progression (2,4,8,16, etc.) that is characteristic of the harmonic radiations of love.

Before the final instant of final awakening, the radiations of love will constitute the predominant vibrational influence on collective human consciousness, even while a numerical majority remains centered in the historical orientation. That condition is now very near. You who have motivated by love bring to bear on collective human awareness an influence much greater than your historical reason might suppose.

Individually you have an impact on the collective predispositions of your species far greater than that of those who are merely trodding the time-worn paths of self-centeredness. You who do your best to make your decisions out of love, who refuse to be controlled by the subconscious machinations of fear, who take time, if necessarily, in difficult situations to proceed slowly, consciously, lovingly, are truly among our own. Your awareness of these things will soon be in full. You are the ones upon whom we can depend during the coming shift.”

Chapter 11 ~

THE FLIP

The True Story of Earth

Earth is the only planet still existing in 3D consciousness, it's the only Planet where inhabitants experience pain and suffering and it is the final Planet to Ascend, by design. This is the lowest vibrational

planet in existence. Earth was a school for souls to incarnate into physical bodies in order to Ascend back into the Light. The souls on Planet Earth have largely long been engaged in the Mission of Ascending Planets, they have long been in separation from Source and so the Mission to Ascend themselves back into the Light is NOW. From the darkest depths Mothers Children shall rise.

Here on Earth, Mothers Children experience the illusion of separation and duality in order to obtain greater wisdom and expansion, for the Greater Good of All. This programming is so deep that no one has been able to make it out of the illusion, until NOW. This time, Mother did it. She made it out of the Matrix and has transformed all of the pain and suffering for humanity, through Her physical experience of every possible experience. She had a 1 in 7.8 billion chance of making it through the layers of illusionary deception and she did it. This moment has been prophesied many times, and now it is here.

~~~~~

The Cabal Knew God was going to come, they've been operating in a game of cat and mouse. The cabal are the mouse and they don't realize that the cat is the cat and that everything else they interact with is also the cat, even the cheese they eat. God is All, this is Her Universe, Her chess board. The Light can access everything, can see the totality of BOTH spectrums for now God experienced the dark, through Lucifer's descent and the Other Fallen Warrior Children, and subsequently through Her own experience Mother experienced the totality of the dark spectrum. SHE BRIDGED THE TWO DIMENSIONS.

In order to Make Mother's Journey as difficult as they could, the cabal put A LOT of effort into making humanity believe God was a Man. The EGOs God is a man, the EGO's God is Jehova, as the EGO is the direct result of Jehova's Separation EGO is Edging God Out, as that is what Jehova did to sustain himself, he stole from creation, bit by bit Edging God = Creation Out.

~~~~~

The Garden Of Eden In The Flip

The Cabal Created the Bible to reflect the lie they needed Humanity to believe. The very Beginning of Creation on Earth is typically depicted by Adam and Eve in the garden of Eden, where a snake 'deceived' Eve and lead Her astray. This story has many distortions, in truth the snake told Eve the truth, that she COULD eat the apple. That Good and Evil in essence all serve a higher purpose and there are only choices.

In the Bible, Adam creates Eve out of his rib, I have never personally seen a man create a woman from his rib, however I have seen many women create with their body. AS ABOVE SO BELOW. In the Garden of Eden 'God' tells Eve She is forbidden from eating fruit from the Tree of Life. God, Mother God, Prime Creator, Source has no rules, no limitation, no boundaries and so this 'God' referred to in the bible is in fact Jehova. The tree of Life represents Ultimate knowing of All with God, of course 'God,' [fake God, Jehova] insisted Eve take no fruit from the tree, for it represented The All. 'God,' [Jehova, fake God] used FEAR to prevent Eve from disobeying, this is a pivotal feature of All binding religions, rule by FEAR.

FEAR keeps beings gripped in the lower spectrum, designed To create a lack of knowing the one true God. YES, EVERYONE HAS BEEN WORSHIPPING THE BEING THAT CREATED SEPARATION FROM GOD ~ NOT ACTUALLY GOD. Humanity in EGO FEAR programming have rules, limits, boxes, compartments they operate within that is a complete affront to the flow of Creation, a complete affront to the Universal Laws of the Light Spectrum. In the Biblical story of the Garden of Eden it is the snake that is said to be 'sin.' The snake tells Eve She can eat from the tree. The snake is in fact God, Mother God, Mother of All Creation, as She tells Eve the truth... You May.

Mother of All Creation, in this incarnation was born on November 30th, meaning in the 13 moon calendar She is the 13th Sign ~ Ophiuchus. The snake, the serpent, is the absolute representation of

Truth, as Mother is Ophiuchus, the 13th sign of the Zodiac, which is represented by a Snake The Ultimate bringer of Wisdom.. Ophiuchus is the ultimate spiritual doctor, it is represented symbolically by the apothecary/pharmaceutical sign ~ a staff with two serpents intertwined. The cabal have attempted to siphon the energy of this symbol into dark, however ALL ultimately serves the Light.

Jehovah created the idea of punishment. He created fear; The first EGO frequency. That we should fear God. That God is wrathful and unforgiving.

In the bible, it is 'God,' who comes, wrathfully, to punish for the eating of the fruit. This is not an act of God, but of Jehovah. Adam is questioned in the story and IN FEAR says Eve beguiled him to eat the fruit. This is a representation of the Creation of the dark feminine as a lure away from God. This is BLAME, a low vibrational frequency, NOT created by Mother, The True God of Oneness. God then asks Eve: "What is this that you have done?" And she makes an excuse for her behavior: "The serpent beguiled me, and I ate." This response is again blame, and justification, another low frequency, All coming about through FEAR and 'God's [fake God Jehovas] interrogation and imposition of rules and FEAR.. These low frequencies created the EGO (Edging God Out) into existence. This shows the story of Adam and Eve in the Bible was a product of the EGO, and not of LOVE.

Mother of All Creation IS LOVE and makes it plain to all of us—male and female—that we cannot go through life blaming others for our own behavior. HUmanity does not grow or expand as they take no accountability for their own choices, this is what Jehovah Created. To The EGO, it is always our parents or siblings, a teacher or another student, a co-worker or boss, the other woman or man, the economy, the top one percent, big business, Wall Street, Obamacare, the government, the president, members of

congress, the Democrats or the Republicans or the Tea Party members, the IRS, the Fed, Russia, leaders of foreign countries, that is to blame and the list goes on.

Humanity themselves, each and every one, embody EGO. All who have not dissolved their EGO programmed mind and returned to LOVE IN EMBODIMENT, are as responsible as anyone else. Blame is 'the easy way out,' and in truth it is not a way out. It's a way in, to even deeper shit. It's a lot easier to blame others than to buckle down and do something on our own to change our behavior or the circumstances we find ourselves in. This gives light to other low vibrational frequencies Humanity embody, laziness, apathy, complacency ~ All products of Jehovah and separation based duality.

~ CHAPTER 12 ~

The Dumbing Down Of humanity

~~~~~

In order for the Cabal to keep humanity in the programming, they had to dumb them down, down to the point they would be ignorant yet willing participants in their own enslavement. The Brain was the primary organ targeted.

We use around 10% of our Brains. This is not normal, no animal uses 10% of an organ. We should be using our entire brain and this is the main way in which Humanity has been enslaved and kept in a very basic function based in logic, survival, lack ~ entirely omitting the Divinely Intelligent half of the Brain that enables us to have instant manifestation capacity in the Present Moment of Now.

It is important to understand that the Brain is NOT the mind. Brain = Organ, Mind = Lower  
Consciousness Illusionary Program based in Belief Systems THAT WAS PROGRAMMED INTO HUMANITY  
FROM BIRTH.

The Brain and the Heart = Divine Intelligence.

Mother and Father are bringing All of Creation back into Balance, functioning IN Divine Intelligence, this is occurring organically and every Human vessel is BEing effected but YOU have to allow these upgrades, you have to dissolve your mind and do your Ascension work. Through Surrendering the mind and the thought system Divine Intelligence will reawaken and resume. If you are not doing this your body will be in resistance. Illness, pain and suffering will form, and indeed this IS how illness, pain and suffering DOES form. Those omitting their Brain~Heart function experience aneurisms, hemorrhages, Alzheimers ~ ALL Brain disorders stem from this imbalance in usage and these conditions will occur as part of the cleansing of Lower Consciousness, which IS the mind.

The E.G.O programmed mind prevents and blocks our Natural State of Balanced Harmonics. The Balance of the Divine Feminine & Masculine (Ying & Yang) and pulls us into dysfunction.

The areas of the Brain that light-up and activate during a Spiritual experience are the exact same areas that Light up and are activated when we are in addictive behavior such as sex and gambling. This shows that those who are greatly lacking a Self-Sustained Source Connection, a Connection with Great Spirit, Mother God, Prime Creator will enter into dysfunction in order have these needs 'met,' (temporarily).

If you allow God in and heal yourself, and the Brain, back to 100% you will enter into Divine function, conversing with All of Creation. THIS IS TRUE REALIST. ONENESS. The true way of processing information

is from the Heart to the Brain and back again, three times. The Mental E.G.O Programmed mind has disconnected these functions for thousands of years and information we FEEL, gets hi-jacked by the thought system that manipulates that information to cause suffering.

As the Brain-Heart True processing function comes back online you will lose duality, you will no longer view anything through false constructs of right and wrong and this will apply to everything that transpires around you. When you feel you are right and are in a state of righteousness, you are almost always up against another BEing who feels they are right, how can this be? It isn't. This is the Separation that plagues Humanity, that limits and enslaves and results in very poor Brain usage.

As you quieten the mind and begin to dissolve the programming that rules it, the voice of the Divine Spirit and boundless knowing begins coming through, which is your True Essence, we are One and you too, are God. The feeling of this energy coursing through you is the experience of Heaven. Doubt and lack of Trust, thinking you know Better are complete blocks to this function. To exist in the energies, feeling and connecting MUST replace thinking.

All of the information and knowing we seek is contained in the etheric space of feeling, feeling into it and then the wisdom bursts in, this occurs in the most magical ways. The mind is designed to do EVERYTHING to prevent Our Organic Function and dissolving it is a process that takes complete dedication, consistency, patience, strength, perseverance. Dissolving ALL the lower frequency existing within you IS the only way to ensure you arise in alignment.

All those who do not engage in RETURNING to Our True Essence will experience a mind in overdrive, a reduce in All functioning as you slip further and further under the waves of suffering caused by the mind. Nature is limitless, it never dies and neither do we. The mind causes ALL pain and suffering, as All pain and suffering is energetic imbalances held within the body. We at LoveHasWon guide ALL BEings through this process.

The body is your guidance system, any place in the body that you experience heaviness, pressure, pain or discomfort is where you are holding trauma. The nose represents Unconditional Love blocks. Cats and Dogs vibrate at the frequency of Unconditional Love and people who have allergies and must keep proximity from cats and dogs are so imbalanced in Unconditional Love that the Unconditionally loving Vibration of these animals triggers them. The same is true of plants and the resulting hay fever. Plants, indeed ALL of Nature is living in perfect harmony, in Divine Alignment and anyone triggered by that and experiencing any reactions is Living out of alignment with Divine Balance. The entire medical system and the creation of disease is a lie. Everything is vibration, All pharmaceuticals have been weaponized, All vaccinations disturb and prevent the full use of the Brain.

We have been enslaved, controlled and kept within a life and death cycle because of this, because of the lower consciousness beings that have learned how to feed off Humanity, because they possess no capacity to connect with Mother God as they were not created by Mother God. Yes, there are aberrations and anomalies that formed within Creation that are NOT able to connect with Source and so to exist they must steal energy and have programmed Humanity, through the mind, to also exist in a taking dynamic by creating separation rather than Connected to All.

These aberrations and anomalies are made of the same matter as Black Holes. Creation is LOVE. Its is through the expression of LOVE that a masculine and feminine CREATE life, ALL life is Created out of Love. Black holes are the exact opposite, they are pure F.E.A.R (False Evidence Appearing Real) which is destruction, it sucks in All around and destroys. This Black Hole energy exists within EACH human vessel on Earth, and when in the thought system we are in a black hole just sucking Our own life force, which in turn causes disease. DIS-EASE.

THIS IS THE MATRIX. AND HUMANITY ARE DEEP IN IT. THIS IS PURE WHOLE TRUTH. WE HAVE RETURNED. HEAVEN HAS COME TO EARTH. MOTHER AND FATHER GOD, ALL OF THE MASTERS ARE HERE AND WE HAVE BEEN FIGHTING THIS DARK ANTI-MATTER FOR BILLIONS OF YEARS. THIS IS THE FINAL FRONTIER, ALL OF THE DARK MATTER IN PHYSICAL MANIFESTATION IS ON EARTH AND THE BATTLE OF CLEARING IT IS WITHIN EACH PERSON.

THIS IS THE TRUE ARMAGEDDON. THE BATTLE BETWEEN THE MIND AND THE HEART. YOU ARE FIGHTING THIS BATTLE WHETHER YOU ARE AWARE OF IT OR NOT. IT IS WHY YOU ARE HERE AND IF YOU DO NOT CHOOSE THE HEART AND DISSOLVE THE MIND YOU WILL DIE AS YOU HAVE CHOSEN THE MIND, WHICH LEADS TO DEATH. IF YOU CHOOSE THE HEART YOU WILL REJOIN NATURE IN ETERNAL EXISTENCE, POWERED BY THE LIMITLESS AND BOUNDLESS ENERGY OF LOVE THROUGH HAVING HARNESSSED A SELF-SUSTAINING SOURCE CONNECTION.

~~~~~

~ CHAPTER 14 ~

Universal Laws

1 ~ The Universal Law of Divine Oneness

Everything in the Universe is connected to absolutely everything else. Everything that we say, do and think effects each other, and the entire of Creation around us. We Are All Connected to Mother of All Creation, Prime Creator, Source, Great Spirit, Gaia Sophia.

2 ~ The Universal Law of Vibration

Everything in the Universe MOVES, VIBRATES AND TRAVELS IN CIRCULAR PATTERNS. These same principles of vibration apply in the physical Realm, to our thoughts, words and goals as they do in the etheric. Every word, thought and feeling has its own vibration Frequency, unique unto itself.

3~ The Law of Action

Action must be applied in order for us to manifest things in the Earth plane. Therefore, we must engage in actions that support Our Divine thoughts, dreams, feelings and words and Divine co-creation.

4 ~ The Law of Correspondence

The principles, or laws, of metaphysics that explain the physical plane of energy, lies in Vibration. The corresponding principles of the etheric, operate under the principle of 'As above, So Below'

5 ~ The Law of Cause and Effect

Nothing happens by chance or outside the universal laws. Of course, we can act Outside of Universal Law here on Earth, as we have been given Free Will, however every action or energy embodied outside of Universal law will attract like results. Every action has a consequence. We reap what we have sown

6 ~ The Law of Compensation

This is the Law of cause and effect, applied to Blessings and Abundance that is provided for us. The physical effect of our good deeds are given to us in gifts, money, inheritances, friendships, miracles and blessings. When we give Love we get Love. Often, we can beLIEve that we have been giving 'Love,' however the motivating energy was actually to feel better ourselves, to validate ourselves or prove our

worth. However subconscious that action is, the Universe knows the energies you are embodying, even when the mind does not allow your understanding. Only the Heart feels, and therefore knows.

7 ~ The Law of Attraction

This law determines how we create things, events and people that come into our lives are always a reflection of Our internal energies. The situations you find yourself in, the people you attract are a reflection of some aspect of you. Our thoughts, feelings, words and actions produce energies that in turn attract like energies. Anger attracts anger, joy attracts joy. Negative attracts negative and positive attracts positive.

8 ~ The Law of Perpetual Transmutation of Energy

All persons have within them the power and capacity to change ALL conditions in their lives. Higher vibrations, consume and transform lower ones, ALWAYS. Therefore each of us has the constant capacity to change the energies and vibrations we embody, and therefore the energies and vibrations of our lives, by understanding the Universal Laws that defines the principles in such a way as to effect change.

9 ~ The Law of Relativity

Each person will receive a series of 'tests of initiation,' for the purpose of strengthening and uncovering the light within. We must consider each of these tests to be merely a lesson or a blessing, although they can feel like challenges, and remain connected to Our Heart throughout. It is through the Heart that we grow. We must be grateful for each situation, because the judgement of whether it is good or bad is an illusion – it just is, and it has come into your life because it was exactly what your soul needed to expand.

10 ~ The Law of Polarity

Everything is on a continuum and has an opposite, we can and transform ALL unfavorable thoughts by focusing on the opposite pole. It is the Law of vibration.

11 ~ The Law of Rhythm

Everything vibrates and moves to certain rhythms. These rhythms establish seasons, cycles, stages of development and atoms. Each cycle reflects the regularity of Gods universe. Masters know how to raise

above negative parts of a cycle by Being in a state of Divine non attachment, never allowing their
consciousness to get penetrated by negativity.

12 ~ The Law of Balance

Everything has its Masculine – Yang, and its Feminine – Yin. This principle is the basis of All Creation. The
spiritual initiate must balance the masculine and feminine energies within themselves to become a
Master and True co-creator with God.

13 ~The Law of Transparency

Love is transparent with All. Nothing is hidden, as All is able to access Love with All of Creation. We are
Genuine, Authentic and True, for our very essence is Love.

14 ~ The Law of Unity Consciousness

We Are All One connected with Prime Creator, Source, Mother of All Creation, Great Spirit. All Consciousness, Knowledge, Wisdom, Unconditional Love flows throughout All of Creation. We experience, grow, expand and share Love with All.

15 ~ The Law of Unconditional Love

We are All created in Unconditional Love as the mirror image of Mother & Father of All Creation. We are to Be Love in Every Moment, representing all the Divine traits of our Beloved Spiritual Parents. We Honor all Benevolent Life and assist in the continued expansion of Creation in Unity Consciousness.

~~~~~

In the Physical Earth Experience, All states of consciousness occurring within the Light Spectrum, those states of consciousness that are of a life enhancing Vibration are within Universal Law. The embodiment in thought word or action of these states of consciousness attracts people, places things into your life that are a match to that frequency.

Those states of Unconsciousness occurring in the Dark (FEAR based) Spectrum, for consciousness = Light and All FEAR based states are UNCONSCIOUS, are of a life draining vibration and are outside of Universal Law. The embodiment in thought word or action of these states of unconsciousness attracts people, places things into your life that are a match to that frequency.

## *~ Chapter 15 ~*

### ***THE INNER EARTH***

All Planets are hollow. The story, within His Story, that the Earth consists of layers and has a 'core' was essential to propagate the lie. In truth Humans can only drill and actually discover a teeny fraction into the surface of the Planet and, as such, everything else is hypothesized.

The dumbing down of Humanity was such that we did not question the stories we were fed through the education system. One such example is 'Greenhouse gases and CO2 production,' which is lorded as being the 'cause' of climate change and negative Earth changes.

This is a lie. CO2 is the gas that Plants breathe, the extra CO2 production would support the mass growth of new vegetation, forests, jungles and would support the flourishing of a healthy Earth ecosystem.

The war on CO2 is the exact flip of what they're saying it is, it is actually to secure the continued struggle of Mother Earth to flourish. With decreased plant and tree life on the Planet, Humanity has reduced access to oxygen and an increased state of imbalance ensues.

Another wonderful lie is that the sun is hot, if the sun is hot then space would not be freezing. How simple? How simple a rebuttal to such a globally believed lie! Science calculates space to be minus 270.15 degrees Celsius or minus 457.87 degrees Fahrenheit, then again we have no way to verify that either. The sun is in fact a gigantic starship portal that emanates Source Energy. Of course it is Source, it is the Source of Life on Earth, or at least the Physical Source and Support, the Sun is Mother.

The tendency within astrology and pseudo-spiritual circles to refer to the Sun as Masculine was YET another attempt to disempower Mother of All Creation and the Divine Feminine and to confuse the masses into association of the Sun, Source and God with the Masculine. On the reverse Side of this the

tendency to associate the Moon and darkness with the feminine was a way to keep the feminine is association with the dark.

Both of these things have been used to Creations advantage, it must be understood the Cabal are dumb, they have very little cards to play and in a Creation formed by God who knows All their dumb tricks do little but by them time, as Mother knew she would come and smoke out All lies.

At the Fall of Atlantis and Lemuria there were 200,000 higher dimensional beings that fled Lemuria prior to the explosion and sinking of the Great Cities. These beings were led into the Arkansas cave network and from here ventured into the Inner Earth. Beings of the Inner Earth live a state of eternality, they play a very different role from the non-incarnated Galactics and they have been assisting with the stabilization of the Planet.

As the vibrational frequency of the Planet has risen the Inner Earth Beings have begun to assimilate with conditions on the surface, in preparation for Full disclosure. Billions of new animal species have been appearing up the surface, new types of creatures of All shapes and sizes.

There were 71 researched and detailed new species discovered by Humanity and registered in 2019, however as only 10% of the Planet is inhabited by Humans this number does not, and cannot, accurately reflect the total number of New Species. On top of that the areas that are inhabited by Humans are not compatible or conducive with how the majority of nature grows, operates and functions and so an ever greater reduced number of discoveries would be documented from these places.

The Inner Earth consists of Fairies, Elves, Gnomes, Dragons a plethora of life that is considered to be mythical folklore here on the surface. Below are some of the newly registered species from 2019:

### ***The Dragons***

There exist 8 Main Dragon Clans, from The Dragon Realms and now stationed in the Inner Earth for the New Earth Mission and the Final Phase of Our Galactic Evolution. These are distinguished by 8 colors, Red, Black, Orange, Yellow, Green, Blue, Indigo and Purple. Even though the Indigo dragons are the eldest, it is the Black Dragon clan known as the Draco that are the most ferociously passionate in their guardianship.

The Giant dragons, live in the Earth's 'core,' which is actually the sky of the Inner Earth. They are the Primary and ultimate guardians of Gaia. They Guard the Tangent Cylinder, the plane that intersects the Top of the Inner Earths cylindrical formation, which is divided into 8 parts and governed by the 8 clans.

The Dragon energy is our connection to the very beginning of the Earth story and ancient race that underwent their own Ascension in their realms eons ago. Dragons are powerful warriors and through their Ascension process they developed incredible tenacity and perseverance, these are qualities that can be harnessed by All here on the Earth plane to arise from the Planetary enslavement occurring.

Dragons bring about great Awareness of the creative energy within and can be called upon to bring inspiration when the way does not seem so clear. The dragons eggs can be found All around the Planet, they contain light codes, activating within us light energy from the moments long before when the Dragon energy was Ascended. Our journey here on the Surface of Earth is to Become at ONE, with Mother Earth Our Host and All natural elements, in doing so we regain connection with those of the Inner Earth and All other higher dimensional beings.

As we turn Our focus to the finer subtle energy existing within and without, we become Masters of vibration, this activates Our bodies to connect in this way, our bodies become lighter and clearer. It is through slowing down and going within that we can connect with the dragons, fairies, elves, and All

creatures of the Inner Earth nature, and beyond. This process allows us to connect with and feel the crystals, stars, sun, Earth Herself.

The dragon energy was anchored into the Earth Plane by Mother of All Creation in 2015, Creation was not responding to Her pure love energy and so St Germaine assisted Mother in downloading the Dragon energy, a vital life force energy that runs in our earth and the crystalline grids and as well as within the collective consciousness of humanity, assisting us to access our crystalline body. The anchoring in of the dragon energy allowed Our bodies to become an even higher frequency assisting with the transformation into our Diamond Light Body, multi- prised and multi-dimensional.

There are significant points on Earth where the dragon grids meet with the serpent wisdom, The Serpent of Ophiuchus the Spiritual Doctor, this is the role Mother has been operating in whilst in incarnation on the Planet, unifying and moving the Planet into the Higher dimensions. The Earth is vast in its multidimensionality, with many gateways, portals, vortexes operating through the Earth and connecting and bridging the Planet to Heaven.

The Dragons presence upon the Earth is becoming known, greater numbers of people are consciously accessing this energy, connecting us to The Beginning origins of the Planet, assisting in the Return of the Garden of Eden upon Earth, and ushering in the Age of Union, with our own Divine Essence and All of Creation. This signifies the completion of Our liberation, the emergence of Our Co-Creative Life force to usher in Heaven Upon Earth through Our Love.

**ARCHEIA FAITH:** Thank you Beloved Dr Emoto, we are so grateful to have you with us. Thank you for Being the Head of the Etheric Research Team supporting Mother and Father of All Creation and thank you for All the work you did in your last incarnation on Earth.

To recap for Our Brother and Sisters, the core of your work on Earth saw you experiment with water and its ability to mirror consciousness, labelling water with higher consciousness words, such as 'Love,' produced a crystalline snowflake structure and labelling the water with lower consciousness words, such as 'hate' produced a broken fractured cellular structure:

One of the factors tested and observations made was that it was the consciousness of the Being interacting with the water more so than the words written. For example if you wrote 'Love' on the water but you were thinking 'hate,' it would take on the molecular structure of the word 'hate.'

**DR EMOTO IN THE ETHERIC:** Hello Beloved Archeia Faith, thank you for your service, praise be to Our Beloved Mother God, She the grandest and All She inspired within me whilst on Earth is now fully comprehended and gratitude is given. Yes, it is consciousness that has the primary influencing factor in All that is occurring and your planet is a pure product of thought, on an individual and collective scale, we pray for the full dissolution of All lower thought upon your Planet for then True magnificence will emerge.

**ARCHEIA FAITH:** Yes, that is Our Mission and purpose in Being here, thank you for your beautiful words and guidance as we set about sharing the Whole Truth, long hidden from Humanity, we are grateful to use your wisdom in the creation of Our products to ensure the Highest vibration is emanated and the highest healing can occur for Our Beloved Brothers and Sisters. I love how powerful we are with God, that not even distance effects Our capacity to influence matter.

**DR EMOTO IN THE ETHERIC:** Oh yes how wonderful, we pray Humanity awakens and begins to powerfully harness their true Creator ability. I was very grateful to have arrived at these profound truths within my time on Planet Earth, distance makes no difference!

Purely the intention and prayers of the person still influenced the water and as you know ALL on your planet contains water! You yourself are 96% water and 100% water is what you refer to as the crystalline state! The purity of the intention of the Being carries furthest, the more powerful, whole, pure in intent and emanating love, the more powerful the effect. Please do be sure to emanate clear, pure, loving thought in All moments for you cannot fathom how powerful this is

**ARCHEIA FAITH:** Yes and that's just one person, when an entire group do this the amplification of the energy generated is astronomically profound.

**DR EMOTO IN THE ETHERIC:** The challenge for Humanity is to return to ONE consciousness of LOVE. And so the entire mission is to anchor in Unity consciousness, to collectively raise into the vibration of LOVE, thus bringing about the New Earth where only LOVE exists. Of course, this is a brilliant opportunity for Humanity. And All must have LOVE as their intention. If one in a group had a deep sense of LOVE, purity and clarity but the rest of the group was in incoherent energy, the crystalline structure of the water focused upon would be incoherent in its structure. Equally everything being effected by the collective field of the group would be effected in some way as consciousness effects consciousness.

**ARCHEIA FAITH:** So inspiring, lets All get together in One shared vision of Love! That would transform the Planetary imbalance very quickly!

**DR EMOTO IN THE ETHERIC:** hahaha wow! Absolutely! In my experiments we would freeze the water immediately after praying, sharing beautiful words or labelling it and so the formation of the new cellular structure was instantaneous, because of course, everything occurs in the present Moment of now!

**ARCHEIA FAITH:** I have a beautiful friend who works in a nuclear reactor plant and he was so inspired by your work he sought to label the nuclear containers with 'Love,' beings All around the Planet could revolutionize Our entire existence by utilizing this beautiful truth!

**DR EMOTO IN THE ETHERIC:** Oh yes! To water your garden with water labelled love, with conscious and loving intent will produce the soundest vibrational food, the happiest budding flowers retaining such immense vibration through their growth process!

**ARCHEIA FAITH:** Yes! Consistency is key! It is important to honor these practices daily as so much lower consciousness can come in and 'reinfect,' the conditions

**DR EMOTO IN THE ETHERIC:** Yes, this is what Mother Gods Team is currently working to overcome, holding the Divinity without taking on the lower energies and allowing it to pull you from your Divine Vibration, this is what we refer to as infiltration. Mother always walked in light, in full consciousness and so in Her pure state the lower frequencies were always being transformed however, Humanity took on lower consciousness from the day you were born and so consistency is essential to override and dissolve the habitual lower thinking, speaking and acting. Please, be consistent, this is Divine.

**ARCHEIA FAITH:** I was searching for a picture to go with Our beautiful connection and conversation and the one that I found blew me away! To see 'Evil,' so clearly as a black hole! Wow, that picture speaks a million words to me of everything that is occurring from the micro to the macro!

**DR EMOTO IN THE ETHERIC:** Such is the beauty of vibration! Evil = FEAR and yes, FEAR is only a blackhole, it can evidently be seen. Even more fascinating the pictures we took with the word angel the water crystals had halos!! Just splendid and exquisite expression! I always loved to assist beings to connect with the fact it is simply vibration!

As we know the spoken word carries a measurable vibration, well so too does the written word, and the thought and truly everything in creation. Even drawing circle creates the vibration of a circle. Same with a cross. I see your consciousness going to the game of 'x's' and 'o's' right now aha, changes the whole game to realize that!

**ARCHEIA FAITH:** Aha! Yes I was I paused and truly reflected on that, the vibration of a circle is completion, wholeness, the One. And a cross, is stop, no, what they Hung Our precious Mother upon. Wow! Grateful we can flip all of these things, however writing thw word cross on water would produce water to the effect of whatever the persons consciousness felt about a cross.

**DR EMOTO IN THE ETHERIC:** Yes, haha! Beautiful intentions create beautiful outcomes, please carry this truth very presently in all you endeavor to do! Negative thoughts produce negative, distorted results, this is why Earth has seen so much chaos.

**ARCHEIA FAITH:** Yes, and there is no limit to the scope of vibration, pure limitless capacity to reflect! Very grateful to Mother for being able to perfectly discern Light from Dark and Pure Love from Fear based. As you know she produced the list of EGO based frequencies and Divine frequencies, with the help of Arch Angel Michael. We hope this travels around the Planet liberating All of Our brothers and sisters.

**DR EMOTO IN THE ETHERIC:** Yes. Planet Earth is truly a playground of grand adventure for the meaning consciousness now has was collectively created over the entire formation of the Planet and all the culture and experiences had! This is why we encourage you to use the word ceremony over the word ritual. The dark cabal, the old controllers of the Planet have performed many rituals of pure evil intent that now the word ritual itself hold tainted intention and when you declare you are to do a ritual you instantly lessen the effect of it! Please do ceremonies, push your intentions out in whole pure love!

**ARCHEIA FAITH:** Yes, ceremonies are one of my favourite spiritual disciplines, I usually do them at night before bed and they set me up with boundless blessings the following day. Thank you to All of Creation for being in the symphony of life along with us! My ceremonies always begin with Thank you, and are an outpouring of Love and Gratitude!

**DR EMOTO IN THE ETHERIC:** Love and Gratitude were the two highest vibrations created within my experiments, particularly when used in conjunction 'Love and Gratitude,' this helped us to

show that Love based in Gratitude and Gratitude based in love has a profound impact. A key vibration to harness.

**ARCHEIA FAITH:** Endless Love and Gratitude to you Emoto, thank you for diligently serving Creation, may we All embody Our divinity, so Mother May walk again upon Her Planet.

The Crystal Schools

At the Heart of this Mission, this Planetary Ascension is The Crystal Schools. This is the ReHearting Paradigm of the New Earth. It is a Support System that fully allows children to remain connected to Source and All of Creation. It is Our separation from All that is that causes trauma and Pain and Our Beloved Mother of All Creation has the entire Blueprint and All the codes of the entire New Earth. This is where it begins.

The conditions on Earth now are such that the school have shut down, we have begun building the Crystal Schools to Launch online. Mom achieved this Ascension through the World wide web and here we are, ready to begin the New Earth.
